A Library Garden

Maya wanted a quiet place to read outside. She asked the librarian if the empty corner of the courtyard could become a garden. First, Maya measured the space. Next, she drew a plan with a path and two benches. Her friends brought seed packets, and an adult helped them plant. A week later, Maya noticed that the plants beside the wall were dry. She moved the watering can closer to them and made a watering chart. By spring, visitors were reading beside green leaves. Maya learned that a good plan needs careful observation as well as enthusiasm.
