The Missing Drum

Leo was ready to tell a story with sound effects, but his cardboard drum had disappeared. "I cannot perform without it," he said. His sister pointed to a box of empty containers. Leo tapped a large plastic bowl, then a smaller cup. The sounds were different. He practiced a steady beat and asked his sister to read the first line of the story. At the performance, he used a soft beat for footsteps and a louder beat for thunder. The audience followed the story closely. Afterward, Leo found his old drum behind a chair. He smiled because solving the problem had given him a better performance.
