Grade 4 - Module 3 Comprehensive Test

Scheduled: 2027-01-22 | Covers all four module weeks and all five subjects

Student: _____ Date completed: _____

Math: 4.NF.1-2 | ELA: RL.4.1-3,7,9; W.4.9; L.4.1-3 | Science: P.4.6A-B | Social Studies: MS CCRS SS Grade 4 - Mississippi Studies & Regions | Spanish: MS World Languages Framework 2016 - Novice communication

Student paper contains no answers. Complete all sections. Show math work. Use only the supplied passages/background notes and teacher-approved tools. Spanish cue support is allowed. A module test may be divided into 2-3 sittings.

Math - 28 points

Score: _____ / 28

1. A whole is divided into 8 equal parts. One part is what fraction? (1 point)

2. 3 of 10 equal sections are shaded. Write the fraction. (1 point)

3. Explain what the denominator in 3/7 tells you. (1 point)

4. Which is a unit fraction: 3/8, 1/6, or 2/9? (1 point)

5. Mark 3/4 on a number line from 0 to 1 divided into fourths. (1 point)

6. Draw a bar or number line showing 2/4 and 1/2 at the same size/location. Explain. (2 points)

7. Complete: 1/2 = ___/8. (1 point)

8. Complete: 2/3 = ___/6. (1 point)

9. Complete: 3/4 = ___/12. (1 point)

10. Complete: 4/10 = ___/20. (1 point)

11. Simplify 6/8. (1 point)

12. Show why 2/3 = 4/6 using a drawing or multiplication. (2 points)

13. Insert <, >, or =: 1/2 ___ 3/4. (1 point)

14. Insert <, >, or =: 3/8 ___ 5/8. (1 point)

15. Insert <, >, or =: 2/3 ___ 2/5. (1 point)

16. Insert <, >, or =: 5/10 ___ 6/10. (1 point)

17. Order: 1/4, 3/4, 1/2. (1 point)

18. Explain why 3/8 < 3/4 when the wholes are equal. (2 points)

19. A whole is divided into 8 equal parts. One part is what fraction? (1 point)

20. 6 of 10 equal sections are shaded. Write the fraction. (1 point)

21. Explain what the denominator in 3/7 tells you. (1 point)

22. Which is a unit fraction: 3/8, 1/6, or 2/9? (1 point)

23. Mark 3/4 on a number line from 0 to 1 divided into fourths. (1 point)

24. Draw a bar or number line showing 2/4 and 1/2 at the same size/location. Explain. (2 points)

ELA - 16 points

Score: _____ / 16

The Sparrow and the Lantern

This is an original fable. A sparrow bragged that she could light the whole forest with one lantern. An owl asked her to test the lantern before promising too much. The sparrow refused. At dusk she lifted the lantern, but its light reached only the nearest branch. Embarrassed, she almost flew away. Then she invited the fireflies to help. Together they marked a safe path to the clearing. The sparrow thanked each helper and promised to listen before boasting again. The owl did not laugh at her mistake; he praised the useful path.

1. In "Maya found her book," what is the antecedent of her? (1 point)

2. Replace "Leo and I" with one subject pronoun. (1 point)

3. Correct "I did not see nothing." (1 point)

4. Correct "She never has no time." (1 point)

5. State a central idea or theme of the passage. (1 point)

6. Give a detail that supports that idea. (1 point)

7. Choose: Put the books over (their/there/they're). (1 point)

8. Choose: (Your/You're) notebook is ready. (1 point)

9. What shows that the sparrow changes? (1 point)

10. How does the owl respond to the finished path? (1 point)

11. Correct this misspelling: becuase. (1 point)

12. Write one organized paragraph (4-6 sentences) about the passage's main message. Use two accurate details, explain their connection, and edit sentences and spelling. Include one reflection about how your interpretation might differ from another reader's. (5 points)

Science - 28 points

Score: _____ / 28

W1 data: A fictional comparison records temperature before and after a controlled warming step. Trial A: 21 temperature in degrees C; Trial B: 29 temperature in degrees C. These are invented assessment data, not a claim about a real investigation.

W2 data: A fictional comparison records temperature before and after a controlled warming step. Trial A: 22 temperature in degrees C; Trial B: 30 temperature in degrees C. These are invented assessment data, not a claim about a real investigation.

W3 data: A fictional comparison records temperature before and after a controlled warming step. Trial A: 23 temperature in degrees C; Trial B: 31 temperature in degrees C. These are invented assessment data, not a claim about a real investigation.

W4 data: A fictional comparison records temperature before and after a controlled warming step. Trial A: 24 temperature in degrees C; Trial B: 32 temperature in degrees C. These are invented assessment data, not a claim about a real investigation.

1. In which direction does heat transfer naturally between objects? (1 point)

2. Use W1 data. Which trial has the higher recorded value, and by how much? (2 points)

3. Draw heat transfer from a warm object to a cooler one. (3 points)

4. What is a light source? (1 point)

5. Use W2 data. Which trial has the higher recorded value, and by how much? (2 points)

6. Model how light allows a person to see a book. (3 points)

7. What is refraction? (1 point)

8. Use W3 data. Which trial has the higher recorded value, and by how much? (2 points)

9. Draw reflection and refraction as different paths. (3 points)

10. What belongs in a claim-evidence explanation? (1 point)

11. Use W4 data. Which trial has the higher recorded value, and by how much? (2 points)

12. Design a comparison of two reflective surfaces. (3 points)

13. Choose one of the supplied data comparisons. Write a claim supported by those data, give the two values as evidence, and explain what further information would be needed for a causal explanation. (4 points)

Social Studies - 24 points

Score: _____ / 24

W1 background: No; Indigenous communities, including the Mississippi Band of Choctaw Indians, continue today. They provide community knowledge and perspectives rather than outside assumptions only. This is an assessment background note written for this packet, not an actual historical primary-source quotation.

W2 background: Water, land, resources, transport, and hazards affect choices. No; technology, history, culture, and other factors also matter. This is an assessment background note written for this packet, not an actual historical primary-source quotation.

W3 background: Communities have different histories, experiences, beliefs, and practices. Its meaning and use can vary among people and over time. This is an assessment background note written for this packet, not an actual historical primary-source quotation.

W4 background: Evidence used to learn about the past, such as documents, objects, maps, or accounts. Each source can offer limited or different evidence. This is an assessment background note written for this packet, not an actual historical primary-source quotation.

1. Are Indigenous peoples of Mississippi only part of the past? (1 point)

2. Why use a tribe's own materials when learning about its culture? (1 point)

3. Plan a respectful study of an Indigenous community. (3 points)

4. How can geography influence settlement? (1 point)

5. Does geography completely determine people's choices? (1 point)

6. Model two factors affecting settlement. (3 points)

7. Why can traditions differ among communities in one region? (1 point)

8. Why should a tradition be described with context? (1 point)

9. Compare two traditions without ranking one culture as better. (3 points)

10. What is a historical source? (1 point)

11. Why compare sources for a regional-history project? (1 point)

12. Create a short regional-history project plan. (3 points)

13. Choose one background note. Describe an additional perspective or source that could improve it, and explain what it might reveal or challenge. (4 points)

Spanish - 12 points

Score: _____ / 12

Spanish model and vocabulary (cue support allowed)

Hola. Me llamo Ana. Me gusta leer.
Word bank: hola, el libro, la familia, la comida, hace sol, estudiar.

1. Week 1: Translate blue into Spanish. (1 point)

2. Week 2: Write 42 in Spanish. (1 point)

3. Week 3: Choose the question word meaning where: ___ . (1 point)

4. Week 4: Complete: Me ___ Ana. (1 point)

5. Read the supplied Spanish model. Give its meaning in English. (2 points)

6. Write one new correct sentence using vocabulary from this module. (2 points)

7. Oral task (teacher listens): Use 4 short statements or a 4-line exchange about this week/module topic. You may use the supplied vocabulary/model as a cue, but add your own relevant detail or question. (4 points)
