Grade 4 - Module 4 Week 1 Quiz - TEACHER ANSWER KEY

Scheduled: 2027-01-29 | Current-week goals + math spiral review; science/social studies alternate

Math: 4.NF.3-4 | ELA: W.4.3; SL.4.4; L.4.1-3 | Science: P.4.6A,C | Social Studies: MS CCRS SS Grade 4 - civics within Mississippi Studies | Spanish: MS World Languages Framework 2016 - Novice communication

Award points by item. Accept equivalent correct mathematical forms and supported written interpretations. For open responses, use the stated rubric; do not require identical wording. Score each subject separately, then apply your grading policy.

Math - 9 points

Score: _____ / 9

1. 5/10 + 1/10 = ? Give an equivalent simplified answer. (1 point)

Answer / scoring: 3/5

2. 7/12 - 2/12 = ? Give an equivalent simplified answer. (1 point)

Answer / scoring: 5/12

3. 2/8 + 3/8 = ? Give an equivalent simplified answer. (1 point)

Answer / scoring: 5/8

4. 7/9 - 4/9 = ? Give an equivalent simplified answer. (1 point)

Answer / scoring: 1/3

5. Sam walks 3/8 mile and then 2/8 mile. How far altogether? (1 point)

Answer / scoring: 5/8 mile

6. A ribbon is 7/10 m long. Cut off 3/10 m. Draw a model and find the remaining length. (2 points)

Answer / scoring: 4/10 m = 2/5 m; model partitions the same whole into tenths and removes three of seven shaded tenths.

7. Spiral review: 23 + 7 = ? (1 point)

Answer / scoring: 30

8. Spiral review: 5 x 6 = ? (1 point)

Answer / scoring: 30

ELA - 13 points

Score: _____ / 13

The Missing Drum

Leo was ready to tell a story with sound effects, but his cardboard drum had disappeared. "I cannot perform without it," he said. His sister pointed to a box of empty containers. Leo tapped a large plastic bowl, then a smaller cup. The sounds were different. He practiced a steady beat and asked his sister to read the first line of the story. At the performance, he used a soft beat for footsteps and a louder beat for thunder. The audience followed the story closely. Afterward, Leo found his old drum behind a chair. He smiled because solving the problem had given him a better performance.

1. Identify the adjective in "The bright lantern glowed." (1 point)

Answer / scoring: bright

2. Identify the adverb in "The bird flew quickly." (1 point)

Answer / scoring: quickly

3. Choose: She explained the idea (clear/clearly). (1 point)

Answer / scoring: clearly

4. Add one adjective and one adverb to "The student spoke." (2 points)

Answer / scoring: Accept, e.g., "The thoughtful student spoke calmly." Correct adjective/adverb functions.

5. Why does Leo test different containers? (1 point)

Answer / scoring: He needs a substitute drum and wants to compare their sounds.

6. How does Leo use sound to support the story? (1 point)

Answer / scoring: A soft beat represents footsteps; a louder beat represents thunder.

7. Correct this misspelling: diffrent. (1 point)

Answer / scoring: different

8. Write an original short narrative of one organized paragraph (4-6 sentences) about solving a problem. Include a clear sequence, a setting, one descriptive detail, and an action or line of dialogue. Edit conventions. (5 points)

Answer / scoring: Rubric (5): clear sequence (1); character/setting (1); specific descriptive detail (1); meaningful action/dialogue (1); readable complete sentences and conventions (1). Accept varied original stories, not only the supplied passage.

Science - 10 points

Score: _____ / 10

W1 data: A fictional comparison records temperature before and after a controlled warming step. Trial A: 21 temperature in degrees C; Trial B: 29 temperature in degrees C. These are invented assessment data, not a claim about a real investigation.

1. What produces sound? (1 point)

Answer / scoring: Vibrating objects create disturbances that travel through a medium.

2. How are pitch and volume different? (1 point)

Answer / scoring: Pitch relates to vibration frequency; loudness relates partly to amplitude.

3. Use W1 data. Which trial has the higher recorded value, and by how much? (2 points)

Answer / scoring: Trial B; 8 temperature in degrees C.

4. Use W1 data. State one observation without claiming its cause. (1 point)

Answer / scoring: Trial B recorded 29 versus 21 in A; accept an accurate description without an unsupported causal claim.

5. Use W1 data. Does this two-value table alone prove which factor caused the difference? Explain. (2 points)

Answer / scoring: No. Need a clear tested variable, controls, repeated trials, and consideration of other causes. One point for no; one for a relevant reason.

6. Draw a vibrating source and explain pitch versus loudness. (3 points)

Answer / scoring: Rubric (3): scientifically accurate parts/ideas (1); correct relationships/reasoning (1); clear labels/evidence or method (1). Label source/vibration; faster vibration means higher pitch; larger amplitude can mean louder sound.

Spanish - 7 points

Score: _____ / 7

Spanish model and vocabulary (cue support allowed)

Mi hermana se llama Ana. Mi familia es amable.
Word bank: la madre, el padre, la hermana, el hermano, la abuela, la familia.

1. Translate into English: la madre. (1 point)

Answer / scoring: the mother

2. Translate into Spanish: the father. (1 point)

Answer / scoring: el padre; accept appropriate article/gender variants when meaning is correct.

3. Complete: Mi ___ es la madre de mi madre. (grandmother) (1 point)

Answer / scoring: abuela

4. Oral task (teacher listens): Use 2 short statements or a 2-line exchange about this week/module topic. You may use the supplied vocabulary/model as a cue, but add your own relevant detail or question. (4 points)

Answer / scoring: Oral rubric (4): communicates topic meaning (1); uses relevant vocabulary (1); uses understandable phrases/sentences (1); responds to teacher or adds a relevant original detail/question (1). Sample cue: Mi hermana se llama Ana. Mi familia es amable. Accept different accurate answers and appropriate gender/person forms. Minor accent/pronunciation errors do not erase understood meaning.
