Grade 4 - Module 6 Week 2 Quiz - TEACHER ANSWER KEY

Scheduled: 2027-04-09 | Current-week goals + math spiral review; science/social studies alternate

Math: 4.MD.1-3 | ELA: W.4.1; RI.4.8; SL.4.1; L.4.2 | Science: E.4.9A-B | Social Studies: MS CCRS SS Grade 4 - regions/geography/economics | Spanish: MS World Languages Framework 2016 - Novice communication

Award points by item. Accept equivalent correct mathematical forms and supported written interpretations. For open responses, use the stated rubric; do not require identical wording. Score each subject separately, then apply your grading policy.

Math - 9 points

Score: _____ / 9

1. A rectangle is 12 cm by 2 cm. Find its area. (1 point)

Answer / scoring: 24 square cm

2. A rectangle is 12 cm by 2 cm. Find its perimeter. (1 point)

Answer / scoring: 28 cm

3. A rectangle is 12 cm by 4 cm. Find its area. (1 point)

Answer / scoring: 48 square cm

4. A rectangle is 12 cm by 4 cm. Find its perimeter. (1 point)

Answer / scoring: 32 cm

5. A rectangle has area 36 square cm and width 4 cm. Find its length. (1 point)

Answer / scoring: 9 cm

6. Two rectangles are 3 by 8 cm and 4 by 6 cm. Compare their areas and perimeters. (2 points)

Answer / scoring: Both areas are 24 square cm. Perimeters are 22 cm and 20 cm; equal area does not guarantee equal perimeter.

7. Spiral review: 26 + 7 = ? (1 point)

Answer / scoring: 33

8. Spiral review: 6 x 6 = ? (1 point)

Answer / scoring: 36

ELA - 13 points

Score: _____ / 13

A Case for Shade

Our reading area should have a shaded bench. At noon, the sunny bench can be uncomfortable. A shaded seat would give readers another choice. We can first move a portable shade nearby and record how many students use the area. Then we can ask whether the change helped. Some people worry that a permanent structure would cost too much. That is a fair concern, so a temporary test is a sensible first step. The goal is not to promise that every reader will love the bench. The goal is to use evidence to decide whether a small improvement is worthwhile.

1. Write a defensible claim about the passage. (1 point)

Answer / scoring: The writer argues for testing shade before making a permanent change.

2. Quote or paraphrase one supporting detail. (1 point)

Answer / scoring: A permanent structure may cost too much.

3. Explain why unsupported opinion is weaker than evidence. (1 point)

Answer / scoring: An unsupported opinion gives no verifiable reason; evidence allows a reader to evaluate a claim.

4. Support your claim with two details and reasoning. (2 points)

Answer / scoring: The writer argues for testing shade before making a permanent change.; two accurate relevant details and a connection to the claim.

5. What concern does the writer acknowledge? (1 point)

Answer / scoring: A permanent structure may cost too much.

6. What evidence would help decide whether the change is useful? (1 point)

Answer / scoring: Records of use and student feedback after the temporary shade test.

7. Correct this misspelling: evidance. (1 point)

Answer / scoring: evidence

8. Write one organized paragraph (4-6 sentences) stating an opinion or argument related to the supplied passage. Give two reasons and relevant evidence; use a transition and a conclusion. (5 points)

Answer / scoring: Rubric (5): clear claim (1); two relevant reasons (1 each); evidence and logical organization/conclusion (1); conventions (1). Accept supported positions that disagree with the passage.

Social Studies - 10 points

Score: _____ / 10

W2 background: Flat land and suitable soils can support large fields, subject to climate/resources. Regions include physical, cultural, and economic variation. This is an assessment background note written for this packet, not an actual historical primary-source quotation.

1. How can broad plains support some types of farming? (1 point)

Answer / scoring: Flat land and suitable soils can support large fields, subject to climate/resources.

2. Why is the Midwest more than one kind of land or community? (1 point)

Answer / scoring: Regions include physical, cultural, and economic variation.

3. Use W2 background. Identify one claim that could be checked against a map, document, or other reliable source. (1 point)

Answer / scoring: Flat land and suitable soils can support large fields, subject to climate/resources. OR Regions include physical, cultural, and economic variation.; accept a checkable claim accurately drawn from the note.

4. Use W2 background. Explain how two ideas in the note connect. (2 points)

Answer / scoring: Accept a logical relationship using accurate details from both statements; do not require one exact interpretation.

5. Name one kind of source that could help check the background note and explain why. (2 points)

Answer / scoring: A relevant map, scholarly/educator text, community source, historical document, or data record; source must match the claim. One point for suitable source and one for purpose.

6. Compare a farm area and an urban area in the Midwest. (3 points)

Answer / scoring: Rubric (3): accurate relevant content (1); supported comparison/relationship (1); clear organization and source/evidence awareness (1). Land/resource use and economic connection; avoid assuming every place is identical.

Spanish - 7 points

Score: _____ / 7

Spanish model and vocabulary (cue support allowed)

En verano hace calor.
Word bank: la primavera, el verano, el otoño, el invierno, la lluvia, el sol.

1. Translate into English: la primavera. (1 point)

Answer / scoring: spring

2. Translate into Spanish: summer. (1 point)

Answer / scoring: el verano; accept appropriate article/gender variants when meaning is correct.

3. Translate winter into Spanish. (1 point)

Answer / scoring: invierno / el invierno

4. Oral task (teacher listens): Use 2 short statements or a 2-line exchange about this week/module topic. You may use the supplied vocabulary/model as a cue, but add your own relevant detail or question. (4 points)

Answer / scoring: Oral rubric (4): communicates topic meaning (1); uses relevant vocabulary (1); uses understandable phrases/sentences (1); responds to teacher or adds a relevant original detail/question (1). Sample cue: En verano hace calor. Accept different accurate answers and appropriate gender/person forms. Minor accent/pronunciation errors do not erase understood meaning.
