Student paper contains no answers. Complete all sections. Show math work. Use only the supplied passages/background notes and teacher-approved tools. Spanish cue support is allowed. A module test may be divided into 2-3 sittings.

Writing and conventions · required gap check - 8 points

Score: _____ / 8

The Missing Drum

Leo was ready to tell a story with sound effects, but his cardboard drum had disappeared. "I cannot perform without it," he said. His sister pointed to a box of empty containers. Leo tapped a large plastic bowl, then a smaller cup. The sounds were different. He practiced a steady beat and asked his sister to read the first line of the story. At the performance, he used a soft beat for footsteps and a louder beat for thunder. The audience followed the story closely. Afterward, Leo found his old drum behind a chair. He smiled because solving the problem had given him a better performance.

1. Using the supplied passage, write one organized paragraph explaining its central message. Include two accurate details and explain how they support your response. (5 points)

2. Revise two sentences from your response. Explain one change that improves grammar, word choice, or clarity. (3 points)

Science - 10 points

Score: _____ / 10

W1 data: A fictional comparison records temperature before and after a controlled warming step. Trial A: 21 temperature in degrees C; Trial B: 29 temperature in degrees C. These are invented assessment data, not a claim about a real investigation.

1. What produces sound? (1 point)

2. How are pitch and volume different? (1 point)

3. Use W1 data. Which trial has the higher recorded value, and by how much? (2 points)

4. Use W1 data. State one observation without claiming its cause. (1 point)

5. Use W1 data. Does this two-value table alone prove which factor caused the difference? Explain. (2 points)

6. Draw a vibrating source and explain pitch versus loudness. (3 points)
