Grade 4 — Weekly review — Module 1 Week 2

Date: 2026-10-23

Eight-subject review of taught work; practical evidence may replace a written response. Friday remains flexible.

Math — Read and compare large numbers

1. Insert <, >, or =: 432,300 ___ 432,390. (1 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

ELA — Use context clues

1. Write a short response to today’s Khan reading or grammar lesson. Include a specific example. (3 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Physical Sciences — Human body systems overview

1. What do body systems do together? (1 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Social Studies — Physical map & landforms

W2 background: Landforms, water bodies, elevation, or other natural features. Explains the meanings of symbols/colors. This is an assessment background note written for this packet, not an actual historical

primary-source quotation.

1. Sketch a physical map with a key and direction marker. (3 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Art — Shape, form, and proportion

Read before you begin

Shape is two-dimensional; form occupies or suggests three dimensions. Proportion compares parts with each other or a whole. Artists may use realistic or intentionally altered proportions.

1. How do shape and form differ? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Life Sciences — Attention and distractions

Read before you begin

Attention selects some information for processing. Distractions compete for attention. A fair comparison keeps tasks similar and changes one feature; one trial cannot establish a rule about everyone.

1. What should stay similar in a fair comparison? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Computer Science — Typing and keyboard skills

Read before you begin

Accurate typing improves through short regular practice. Locate Shift, Enter, Backspace, and space. Comfortable posture and breaks matter more than racing a timer.

1. What is a useful typing goal? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Life Skills — Time and task estimates

Read before you begin

Estimates predict approximate time or amount. Compare estimates with observations to improve planning. Include setup and cleanup as well as the main task.

1. Why compare estimates and observations? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)
