Grade 4 — Weekly review — Module 1 Week 3

Date: 2026-10-30

Eight-subject review of taught work; practical evidence may replace a written response. Friday remains flexible.

Math — Round and estimate

1. Round 346,078 to the nearest 100. (1 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

ELA — Practice grade-level vocabulary

1. Write a short response to today’s Khan reading or grammar lesson. Include a specific example. (3 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Physical Sciences — Digestive + respiratory systems

1. What is the main role of the digestive system? (1 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Social Studies — Compare two Mississippi regions

W3 background: Comparison reveals similarities and differences using common criteria. They can provide water, transport, fertile land, or risk from flooding. This is an assessment background note written for this

packet, not an actual historical primary-source quotation.

1. Compare a river plain and a hilly region. (3 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Art — Color and contrast

Read before you begin

Color relationships guide attention and mood. Contrast uses differences such as light/dark or warm/cool. Interpretation depends on context and varies among viewers.

1. What can contrast do? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Life Sciences — Memory and retrieval

Read before you begin

Memory involves encoding, storing, and retrieving information. Grouping material and recalling it without looking can support learning. Forgetting does not establish that someone is incapable.

1. How can grouping help recall? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Computer Science — Mouse, windows, and accessibility

Read before you begin

Selecting, scrolling, and changing windows are interface skills. Zoom, captions, and keyboard navigation provide different ways to use a system.

1. Why provide accessibility features? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Life Skills — Pet care

Read before you begin

Animals need species-appropriate food, water, shelter, exercise, and health care. Follow adult-approved care plans rather than guessing. Wash hands after appropriate animal-care tasks.

1. Do all pets need identical care? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)
