Grade 4 — Weekly review — Module 2 Week 1

Date: 2026-11-13

Eight-subject review of taught work; practical evidence may replace a written response. Friday remains flexible.

Math — Multiply using models and partial products

1. 178 x 6 = ? (1 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

ELA — Find text evidence

1. Write a short response to today’s Khan reading or grammar lesson. Include a specific example. (3 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Physical Sciences — Body-system interactions

1. Why does the heart beat faster during activity? (1 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Social Studies — Agriculture & natural resources

W1 background: Crop growth depends on suitable soil, water, and other conditions. No; renewal takes time and use can exceed replacement. This is an assessment background note written for this packet, not

an actual historical primary-source quotation.

1. Compare two agricultural choices for a region. (3 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Art — Pattern and symmetry

Read before you begin

Patterns repeat according to a rule. Symmetry relates parts through a transformation such as reflection. Repetition can be varied for interest.

1. Must every pattern be symmetrical? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Life Sciences — Growth across a lifetime

Read before you begin

Development includes physical, cognitive, emotional, and social changes. People develop at different rates. Stages describe broad patterns rather than rigid rules for every individual.

1. Why are development stages not rigid predictions? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Computer Science — Passwords and privacy

Read before you begin

Addresses, identifying details, and passwords can be private information. Strong unique credentials and appropriate account protections reduce risk. Never put real passwords in a worksheet.

1. Should a real password go on a worksheet? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Life Skills — Cleaning and product safety

Read before you begin

Cleaning removes dirt; disinfecting targets germs according to product instructions. Products are not interchangeable. Use parent-approved methods and never mix cleaners.

1. Why must cleaners not be mixed? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)
