Grade 4 — Module assessment — Module 3 Week 4 — TEACHER KEY

Date: 2027-01-22

Eight-subject review of taught work; practical evidence may replace a written response. Friday remains flexible.

Math — Number patterns and review

1. Continue: 4, 8, 12, ___, ___. (1 points)

Expected answer / rubric: 16, 20

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

ELA — Write an organized passage response

1. Write a short response to today’s Khan reading or grammar lesson. Include a specific example. (3 points)

Expected answer / rubric: Relevant response and an accurate example of the day’s skill.

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Physical Sciences — Light investigation + claim/evidence

1. Why should a light investigation change one factor at a time? (1 points)

Expected answer / rubric: To make comparisons easier to interpret and reduce confounding variables.

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Social Studies — Short regional history project

W4 background: Evidence used to learn about the past, such as documents, objects, maps, or accounts. Each source can offer limited or different evidence. This is an assessment background note written for this packet, not an actual historical primary-source quotation.

1. Create a short regional-history project plan. (3 points)

Expected answer / rubric: Rubric (3): accurate relevant content (1); supported comparison/relationship (1); clear organization and source/evidence awareness (1). Question, time/place, two sources, evidence notes, and a presentation idea.

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Art — Musical form

Read before you begin

Form organizes musical sections. ABA returns to an initial section after a contrasting one. Repetition and contrast help listeners follow a piece.

1. What returns in ABA? (2 points)

Expected answer / rubric: The A section returns after B.

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Life Sciences — Stereotypes and samples

Read before you begin

A stereotype applies an oversimplified idea to a whole group. A small or biased sample may misrepresent a population. Group membership does not determine an individual's character.

1. Why can one person not establish what a whole group is like? (2 points)

Expected answer / rubric: A single person is not representative of everyone; groups are diverse.

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Computer Science — Pixels and images

Read before you begin

A digital image can be represented as a grid of pixels holding color information. More pixels can support detail but do not guarantee better artistic composition.

1. What is a pixel? (2 points)

Expected answer / rubric: A picture element in a digital-image grid.

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Life Skills — Garden care and harvesting

Read before you begin

Plant care depends on observation and appropriate timing. Identify plants reliably before touching or eating them. Use local guidance for weather, pests, and harvest readiness.

1. Is an unknown garden plant safe to taste? (2 points)

Expected answer / rubric: No; a knowledgeable adult must identify edible plants and safe handling.

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.
