Grade 4 — Module assessment — Module 5 Week 4 — TEACHER KEY

Date: 2027-03-26

Eight-subject review of taught work; practical evidence may replace a written response. Friday remains flexible.

Math — Fraction applications

1. 4/10 + 1/10 = ? Give an equivalent simplified answer. (1 points)

Expected answer / rubric: 1/2

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

ELA — Write a supported comparison

1. Write a short response to today’s Khan reading or grammar lesson. Include a specific example. (3 points)

Expected answer / rubric: Relevant response and an accurate example of the day’s skill.

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Physical Sciences — Simple machines and design

Read before you begin

Levers and wheels change how force is applied. A model identifies the parts and limits rather than making every task effortless.

1. What is the pivot of a lever called? (2 points)

Expected answer / rubric: The fulcrum.

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Social Studies — Compare Southeast to Mississippi regions

W4 background: Broad regional similarities coexist with local differences. It makes similarities/differences interpretable. This is an assessment background note written for this packet, not an actual historical primary-source quotation.

1. Compare Mississippi with another Southeast state. (3 points)

Expected answer / rubric: Rubric (3): accurate relevant content (1); supported comparison/relationship (1); clear organization and source/evidence awareness (1). Same criteria such as water, landforms, climate, or work; source-supported statements.

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Art — Comparing art traditions

Read before you begin

Comparison identifies shared features and differences without ranking cultures by one preferred style. Support interpretations with visible details and accurate context.

1. What makes a comparison well supported? (2 points)

Expected answer / rubric: Specific observations and accurate contextual evidence.

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Life Sciences — Ethical dialogue

Read before you begin

Thoughtful discussion allows questions, reasons, and respectful disagreement. Students need not disclose private beliefs. Represent another person's position fairly before responding.

1. Why summarize another view fairly? (2 points)

Expected answer / rubric: To reduce misunderstanding and address the actual argument.

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Computer Science — Debugging and tests

Read before you begin

Debugging compares expected and actual behavior, changes a relevant feature, and tests again. Keep records so useful tests can be repeated.

1. What belongs in a debugging record? (2 points)

Expected answer / rubric: Expected result, actual result, change, and retest outcome.

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Life Skills — Evaluating health information

Read before you begin

Health claims need reliable evidence and context. Advertisements and personal stories do not prove that a product works for everyone. Consult a trusted adult or qualified clinician about concerns.

1. Does a testimonial establish treatment effectiveness? (2 points)

Expected answer / rubric: No; a personal account does not establish effectiveness or safety.

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.
