Grade 4 — Weekly review — Module 6 Week 2

Date: 2027-04-09

Eight-subject review of taught work; practical evidence may replace a written response. Friday remains flexible.

Math — Hundredths and equivalent forms

1. Write 5/100 as a decimal. (1 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

ELA — Distinguish reasons from evidence

1. Write a short response to today’s Khan reading or grammar lesson. Include a specific example. (3 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Physical Sciences — Weather variables & data

1. Name three weather variables. (1 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Social Studies — Midwest region

W2 background: Flat land and suitable soils can support large fields, subject to climate/resources. Regions include physical, cultural, and economic variation. This is an assessment background note written

for this packet, not an actual historical primary-source quotation.

1. Compare a farm area and an urban area in the Midwest. (3 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Art — Voice and movement

Read before you begin

Performers communicate with voice, gesture, posture, and timing. Adapt movement safely to different bodies. Clarity does not require shouting or strenuous action.

1. Must effective performance be loud? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Life Sciences — Judaism

Read before you begin

Judaism originated in the ancient Near East and includes diverse religious and cultural communities. Torah, interpretation, ethical living, and communal practices are important in many traditions. Observance and identity vary.

1. Do all Jewish people observe identically? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Computer Science — Game feedback and balance

Read before you begin

Feedback communicates what happened after an action. Balance adjusts challenge and reward for an audience. Observe testers rather than assuming they behave like the designer.

1. What is game feedback? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Life Skills — Body boundaries and consent

Read before you begin

People deserve respect for their bodies and boundaries. Consent should be freely given, specific, and reversible. Unsafe touch or coercion is not a child's fault; keep asking trusted adults until someone helps.

1. Can consent be withdrawn? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)
