Grade 4 — Weekly review — Module 7 Week 1

Date: 2027-04-30

Eight-subject review of taught work; practical evidence may replace a written response. Friday remains flexible.

Math — Lines, shapes, and symmetry

1. Name lines that stay the same distance apart and never meet. (1 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

ELA — Read and annotate multiple texts

1. Write a short response to today’s Khan reading or grammar lesson. Include a specific example. (3 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Physical Sciences — Earth, Sun, Moon, and day/night

Read before you begin

Earth rotates, producing the day/night cycle. The Moon orbits Earth and reflects sunlight. Diagrams represent relative positions, not necessarily true sizes.

1. What causes the regular day/night cycle? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Social Studies — West/Southwest geography

W1 background: They affect routes, water access, land use, and costs/risks. Region groupings vary by purpose/source. This is an assessment background note written for this packet, not an actual historical primary-source quotation.

1. Create a West/Southwest physical-feature map. (3 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Art — Photography and framing

Read before you begin

Framing selects part of a scene; photographs can be accurate but incomplete. Ask permission before photographing people or private spaces.

1. Does a photo show everything about an event? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Life Sciences — Hindu traditions

Read before you begin

Hindu traditions developed over a long history in South Asia and include many texts, philosophies, and practices. Dharma and karma are important in many traditions, but there is no single uniform Hindu practice.

1. Why avoid saying all Hindus practice identically? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Computer Science — Tables and spreadsheets

Read before you begin

Tables organize records and attributes. Spreadsheet formulas depend on correct inputs and rules. Label units and check calculated results by another method.

1. Why check a spreadsheet formula? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Life Skills — First aid and getting help

Read before you begin

First aid begins with recognizing danger and obtaining appropriate help. Do not enter unsafe scenes. Learn response procedures from current qualified instruction with an adult; classroom practice is not certification.

1. What precedes helping at an unsafe scene? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)
