Grade 4 — Weekly review — Module 7 Week 3 — TEACHER KEY

Date: 2027-05-14

Eight-subject review of taught work; practical evidence may replace a written response. Friday remains flexible.

Math — Measure and draw angles

1. Classify a 35-degree angle as acute, right, or obtuse. (1 points)

Expected answer / rubric: Acute

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

ELA — Integrate source details

1. Write a short response to today’s Khan reading or grammar lesson. Include a specific example. (3 points)

Expected answer / rubric: Relevant response and an accurate example of the day’s skill.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Physical Sciences — Stars and constellations

Read before you begin

Stars are distant luminous objects. Constellations are apparent patterns from Earth; stars in a pattern need not be close to one another in space.

1. Are stars in a constellation necessarily close in space? (2 points)

Expected answer / rubric: No; the pattern is viewed from Earth.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Social Studies — Culture/economy

W3 background: No; regional generalizations do not capture all communities. Skills, customs, markets, arts, and livelihoods interact. This is an assessment background note written for this packet, not an actual historical primary-source quotation.

1. Describe a regional cultural/economic connection respectfully. (3 points)

Expected answer / rubric: Rubric (3): accurate relevant content (1); supported comparison/relationship (1); clear organization and source/evidence awareness (1). Specific sourced example and recognition of diversity/variation.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Art — Digital art and layers

Read before you begin

Digital images can be built in parts. Layers separate elements for easier editing and arrangement. Credit reused assets and keep private information out of images.

1. Why use layers? (2 points)

Expected answer / rubric: To arrange and edit parts independently.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Life Sciences — Sikhism and service

Read before you begin

Sikhism began in Punjab with Guru Nanak and subsequent Gurus. The Guru Granth Sahib is central to Sikh religious life. Equality and service are important themes; individual practices vary.

1. Can similar actions have different meanings? (2 points)

Expected answer / rubric: Yes; motivations and interpretations can differ.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Computer Science — Networks and the internet

Read before you begin

A network connects devices exchanging information. The internet is a network of networks; the web is one service using it. Information passes through several systems.

1. Are the internet and web identical? (2 points)

Expected answer / rubric: No; the web is one service using the internet.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Life Skills — Mechanics and simple machines

Read before you begin

Mechanisms transmit or change motion and force. Levers, wheels, and pulleys have parts and constraints. Practice with safe models rather than hazardous equipment.

1. What is a fulcrum? (2 points)

Expected answer / rubric: The pivot point of a lever.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.
