Grade 4 — Weekly review — Module 8 Week 2

Date: 2027-06-04

Eight-subject review of taught work; practical evidence may replace a written response. Friday remains flexible.

Math — Area and perimeter applications

1. A rectangle is 13 cm by 3 cm. Find its area. (1 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

ELA — Verbs and sentence completeness

1. Write a short response to today’s Khan reading or grammar lesson. Include a specific example. (3 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Physical Sciences — Natural hazards & Earth surface change

1. How can a natural hazard change Earth’s surface? (1 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Social Studies — Plan a multi-region trip

W2 background: Distances, landforms, time, and resources affect travel choices. Routes, distances, landmarks, climate needs, and economic/cultural connections. This is an assessment background note

written for this packet, not an actual historical primary-source quotation.

1. Plan a hypothetical trip across two regions. (3 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Art — Craft and function

Read before you begin

Craft combines function and appearance. Materials and use constrain designs. Decoration alone does not guarantee that something is strong or useful.

1. Why evaluate function? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Life Sciences — Social influence

Read before you begin

People are influenced by peers, families, institutions, and media. Influence does not remove responsibility and does not affect everyone identically. A causal claim needs more than a single example.

1. Does influence always determine an action? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Computer Science — CSS and layout

Read before you begin

CSS describes presentation, including spacing and color. Consistency helps navigation. Check whether a design remains readable at different sizes.

1. How does CSS differ from HTML? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Life Skills — Area, perimeter, and planning

Read before you begin

Perimeter measures a boundary; area measures surface coverage. Plans can estimate materials, but allowances and product dimensions matter. Check before buying or cutting.

1. How do area and perimeter differ? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)
