Grade 4 — Weekly review — Module 8 Week 3

Date: 2027-06-11

Eight-subject review of taught work; practical evidence may replace a written response. Friday remains flexible.

Math — Convert measurement units

1. Convert 2 m to cm. (1 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

ELA — Punctuation and capitalization

1. Write a short response to today’s Khan reading or grammar lesson. Include a specific example. (3 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Physical Sciences — Human impacts on land/oceans

1. How can human actions affect land or water? (1 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Social Studies — Regional economics/culture comparison

W3 background: They exchange goods, services, labor, knowledge, and resources. Evidence supports accurate claims; stereotypes erase variation. This is an assessment background note written for this

packet, not an actual historical primary-source quotation.

1. Compare two regions’ economy/culture using the same criteria. (3 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Art — Public art and audience

Read before you begin

Public art addresses varied audiences. Location affects meaning, access, and impact. Consider the people affected by a proposed work.

1. Why consider location? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Life Sciences — Conflict and communication

Read before you begin

Conflict may involve different interests, information, or values. Specific descriptions and listening help more than insults. Serious harm or coercion requires adult support rather than forced compromise.

1. Must someone compromise about unsafe treatment? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Computer Science — Interactive models and mechanics

Read before you begin

A model changes in response to input according to explicit rules. State units and limitations before interpreting outputs. Models simplify real systems.

1. Why state limitations? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Life Skills — Sewing and patterns

Read before you begin

Patterns guide fabric shapes and sizes. Seam allowances leave room for joining. Use paper lacing, blunt practice tools, or parent-supervised needles and scissors.

1. Why include a seam allowance? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)
