Grade 4 — Weekly review — Module 9 Week 1 — TEACHER KEY

Date: 2027-06-25

Eight-subject review of taught work; practical evidence may replace a written response. Friday remains flexible.

Math — Whole-number application review

1. 23,369 + 14,261 = ? (1 points)

Expected answer / rubric: 37630

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

ELA — Review vocabulary and comprehension

1. Write a short response to today’s Khan reading or grammar lesson. Include a specific example. (3 points)

Expected answer / rubric: Relevant response and an accurate example of the day’s skill.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Physical Sciences — Systems & energy capstone planning

1. What makes a scientific question investigable? (1 points)

Expected answer / rubric: It can be explored using observations, measurements, or a test.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Social Studies — Mississippi/regions civic-action project

W1 background: It identifies the problem, affected people, evidence, and options. The goal gives a basis for choosing actions and judging success. This is an assessment background note written for this packet, not an actual historical primary-source quotation.

1. Plan a Mississippi/community civic-action project. (3 points)

Expected answer / rubric: Rubric (3): accurate relevant content (1); supported comparison/relationship (1); clear organization and source/evidence awareness (1). Specific need, sources/voices, realistic action, and evidence for judging results.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Art — Capstone planning

Read before you begin

Art plans state purpose, audience, medium, materials, and constraints. Planning makes creative choices visible. Include safe materials and realistic time.

1. What belongs in a plan? (2 points)

Expected answer / rubric: Purpose, audience, materials, steps, constraints, and completion goals.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Life Sciences — Research questions

Read before you begin

A useful research question has a clear scope and can be investigated with accessible evidence. Private beliefs and experiences need not be collected. Use fictional or public information.

1. What makes a question investigable? (2 points)

Expected answer / rubric: Clear scope and accessible relevant evidence.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Computer Science — AI and generated information

Read before you begin

AI can generate plausible but inaccurate information. Confidence is not evidence. Protect private data and check important claims with reliable sources.

1. Does confidence establish an AI answer's accuracy? (2 points)

Expected answer / rubric: No; check evidence and sources.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Life Skills — Budgeting and priorities

Read before you begin

Budgets plan income and spending. Needs, wants, savings, and tradeoffs guide decisions. Use fictional amounts rather than private family finances.

1. What is a budget? (2 points)

Expected answer / rubric: A plan for allocating available money over a period or project.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.
