# Grade 4 — Weekly review — Module 9 Week 3

Date: 2027-07-09

Eight-subject review of taught work; practical evidence may replace a written response. Friday remains flexible.

## Math — Fraction and decimal review

1. Find 3/8 + 2/8. (1 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

## ELA — Revise and edit a selected piece

1. Write a short response to today’s Khan reading or grammar lesson. Include a specific example. (3 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

## Physical Sciences — CER/lab report

1. What does reasoning add to a lab report? (1 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

## Social Studies — Create final product

W3 background: A clear question/claim, relevant evidence, geographic relationships, and sources. Feedback can reveal unclear reasoning or inaccurate information. This is an assessment background note

written for this packet, not an actual historical primary-source quotation.

1. Outline a final product with a revision step. (3 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

## Art — Refine and explain

***Read before you begin***

Refinement uses feedback and evaluation. Artist statements explain choices without requiring every viewer to feel the same. Support claims with observable features.

1. Must all viewers interpret identically? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

## Life Sciences — Reasoned reflection

***Read before you begin***

Reflection explains how evidence and reasons shape conclusions. Students can evaluate reasoning without announcing religious identities or changing beliefs. Honest reflection can include uncertainty.

1. Must reflection claim certainty? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

## Computer Science — Documentation

***Read before you begin***

Documentation explains a project's purpose, inputs, outputs, operation, and limits. Write for a person who did not build it. Test whether the guide works without extra coaching.

1. Who needs documentation? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

## Life Skills — Independent task demonstration

***Read before you begin***

Responsible independence includes completing suitable tasks and recognizing when help is needed. Check results against agreed standards and explain limitations honestly.

1. Does independence mean never asking for help? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)
