Grade 7 — Module assessment — Module 2 Week 4

Date: 2026-12-11

Eight-subject review of taught work; practical evidence may replace a written response. Friday remains flexible.

Math — Percent applications and review

1. Find 15% of $80. (1 points)

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

ELA — Noun usage and writing application

1. Write a short response to today’s Khan reading or grammar lesson. Include a specific example. (3 points)

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Physical Sciences — Body-system models and evidence

Read before you begin

A physiological model explains selected functions and makes testable predictions. Evaluate what the model represents and omits. Avoid diagnoses from classroom measurements.

1. Why state model limitations? (2 points)

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Social Studies — Compare river-valley civilizations

W4 background: Understand similar environmental opportunities and different social responses. People developed different institutions, beliefs, and choices. This is an assessment background note written for this packet, not an actual historical primary-source quotation.

1. Compare two river-valley societies. (3 points)

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Art — Design and communication

Read before you begin

Design solves a communication problem for an audience. A symbol or label must be understandable as well as attractive. Test the message with users.

1. How is clarity tested? (2 points)

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Life Sciences — Support and help-seeking

Read before you begin

People use relationships and routines to handle challenges. Asking a trusted adult for help is a practical skill. Private experiences need not be shared to demonstrate learning.

1. What makes a help request useful? (2 points)

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Computer Science — Search and source evaluation

Read before you begin

Search ranking does not guarantee truth. Check authorship, evidence, date, and purpose. Compare important claims with other reliable sources.

1. Does appearing first in search establish accuracy? (2 points)

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Life Skills — Recurring chores and responsibility

Read before you begin

Recurring tasks need schedules and completion standards. Fair responsibility can consider time, ability, and availability rather than only the number of tasks.

1. Does equal task count mean equal effort? (2 points)

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)
