Grade 7 — Weekly review — Module 3 Week 2 — TEACHER KEY

Date: 2027-01-08

Eight-subject review of taught work; practical evidence may replace a written response. Friday remains flexible.

Math — Number-line models for integers

1. -2 + 9 = ? (1 points)

Expected answer / rubric: 7

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

ELA — Pronoun agreement and application

1. Write a short response to today’s Khan reading or grammar lesson. Include a specific example. (3 points)

Expected answer / rubric: Relevant response and an accurate example of the day’s skill.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Physical Sciences — Density/solubility/conductivity

1. How is density calculated? (1 points)

Expected answer / rubric: Mass divided by volume.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Social Studies — Polytheism/mythology & daily life

W2 background: Belief in multiple gods. They can reveal beliefs, values, conflicts, and storytelling traditions. This is an assessment background note written for this packet, not an actual historical primary-source quotation.

1. Analyze a myth’s cultural role. (3 points)

Expected answer / rubric: Rubric (3): accurate relevant content (1); supported comparison/relationship (1); clear organization and source/evidence awareness (1). Identify belief/value, text evidence, interpretation, and limits of generalizing from one story.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Art — Pitch and melody

Read before you begin

Pitch concerns how high or low a sound is perceived. Melody arranges pitches over time. Voices and instruments have different ranges and qualities.

1. What is melodic contour? (2 points)

Expected answer / rubric: The pattern of rising, falling, and repeated pitches.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Life Sciences — Norms and customs

Read before you begin

Norms are shared expectations; customs are repeated community practices. Both vary and change. Describing a difference does not establish that one community is better than another.

1. Are customs universal? (2 points)

Expected answer / rubric: No; they vary across and within communities.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Computer Science — Decomposition and patterns

Read before you begin

Decomposition divides a large problem into smaller tasks. Patterns can suggest reusable solutions. The plan must explain how the parts fit together.

1. What is decomposition? (2 points)

Expected answer / rubric: Dividing a complex problem into manageable parts.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Life Skills — Soil, drainage, and compost

Read before you begin

Soil structure affects water and air around roots. Compost is decomposed organic material. Suitable ingredients and handling matter; roots can be harmed by waterlogged conditions.

1. Why does drainage matter? (2 points)

Expected answer / rubric: Roots require suitable moisture and air.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.
