Grade 7 — Weekly review — Module 7 Week 1 — TEACHER KEY

Date: 2027-04-30

Eight-subject review of taught work; practical evidence may replace a written response. Friday remains flexible.

Math — Samples, populations, and bias

1. A survey of 50 students is used to estimate preferences of 600 students. Identify the population and sample. (1 points)

Expected answer / rubric: Population: all 600 students; sample: the 50 surveyed.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

ELA — Compare sources and claims

1. Write a short response to today’s Khan reading or grammar lesson. Include a specific example. (3 points)

Expected answer / rubric: Relevant response and an accurate example of the day’s skill.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Physical Sciences — Earth- system interactions

1. Name interactions among atmosphere, hydrosphere, geosphere, and biosphere. (1 points)

Expected answer / rubric: Accept water moving through soil/plants, weathering, evaporation, erosion, or comparable pathways.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Social Studies — Feudalism/manorialism

W1 background: Feudal ties concern political/military obligations; manorial life concerns an estate’s economic/social organization; both varied. It provided resources, livelihoods, and a basis for obligations/control. This is an assessment background note written for this packet, not an actual historical primary-source quotation.

1. Compare a lord’s and a peasant’s roles on a manor. (3 points)

Expected answer / rubric: Rubric (3): accurate relevant content (1); supported comparison/relationship (1); clear organization and source/evidence awareness (1). Work, rights/obligations, unequal power, and recognition of regional variation.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Art — Photography and framing

Read before you begin

Framing selects part of a scene; photographs can be accurate but incomplete. Ask permission before photographing people or private spaces.

1. Does a photo show everything about an event? (2 points)

Expected answer / rubric: No; framing and timing limit what it shows.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Life Sciences — Hindu traditions

Read before you begin

Hindu traditions developed over a long history in South Asia and include many texts, philosophies, and practices. Dharma and karma are important in many traditions, but there is no single uniform Hindu practice.

1. Why avoid saying all Hindus practice identically? (2 points)

Expected answer / rubric: Hindu traditions have substantial philosophical and practical diversity.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Computer Science — Tables and spreadsheets

Read before you begin

Tables organize records and attributes. Spreadsheet formulas depend on correct inputs and rules. Label units and check calculated results by another method.

1. Why check a spreadsheet formula? (2 points)

Expected answer / rubric: An incorrect formula can create plausible-looking wrong results.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.

Life Skills — First aid and getting help

Read before you begin

First aid begins with recognizing danger and obtaining appropriate help. Do not enter unsafe scenes. Learn response procedures from current qualified instruction with an adult; classroom practice is not certification.

1. What precedes helping at an unsafe scene? (2 points)

Expected answer / rubric: Protect yourself from danger and seek appropriate adult/emergency help.

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Expected answer / rubric: Award 1 point for relevant completed evidence and 1 for an accurate explanation of a revision or improvement. Do not assess personal beliefs, diagnoses, or disclosures.
