Grade 7 — Module assessment — Module 9 Week 4

Date: 2027-07-16

Eight-subject review of taught work; practical evidence may replace a written response. Friday remains flexible.

Math — Volume and geometry applications

1. A rectangular prism is 16 by 6 by 3 cm. Volume? (1 points)

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

ELA — Portfolio presentation and cumulative review

1. Write a short response to today’s Khan reading or grammar lesson. Include a specific example. (3 points)

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Physical Sciences — Science showcase + cumulative review

1. How can a presentation show both mastery and uncertainty? (1 points)

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Social Studies — World-history capstone & timeline

W4 background: It selects events and scales, leaving out many experiences and connections. Evidence-based argument, source comparison, connections, and reflection. This is an assessment background note written for this packet, not an actual historical primary-source quotation.

1. Plan a world-history capstone and timeline. (3 points)

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Art — Present and reflect

Read before you begin

Presentation provides context and clear explanation. Reflection identifies growth, limits, and goals. Credit collaborators and borrowed material.

1. What belongs in thoughtful reflection? (2 points)

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Life Sciences — Portfolio and dialogue

Read before you begin

A portfolio shows growth through work, revisions, and explanations. It evaluates reasoning rather than a person's worth or belief system. Present a claim, evidence, counterpoint, and next question.

1. What should a critical-thinking portfolio demonstrate? (2 points)

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Computer Science — Showcase and reflection

Read before you begin

Demonstrate a working feature and explain design choices with evidence. Reflection identifies strengths, limits, and next steps. Credit borrowed resources and collaborators.

1. What strengthens a project presentation? (2 points)

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)

Life Skills — Life-skills portfolio

Read before you begin

Plans, measurements, products, and reflection document skill. Photos are optional. Do not include private addresses, medical details, or credentials.

1. What evidence shows a practical skill? (2 points)

2. Select evidence from two different weeks of this module. Explain a concept or practical skill and one improvement. (2 points)
