Grade 7 — Weekly review — Module 9 Week 1

Date: 2027-06-25

Eight-subject review of taught work; practical evidence may replace a written response. Friday remains flexible.

Math — Circles: area and circumference

1. A circle has radius 3 cm. Give its diameter. (1 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

ELA — Style and tone

1. Write a short response to today’s Khan reading or grammar lesson. Include a specific example. (3 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Physical Sciences — Systems/cycles capstone question

1. How do matter cycles differ from energy flow through an ecosystem? (1 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Social Studies — Age of Exploration

W1 background: New routes linked trade and migration, while conquest, exploitation, disease, and enslavement damaged communities. European accounts alone omit experiences of many people affected.

This is an assessment background note written for this packet, not an actual historical primary-source quotation.

1. Compare accounts of exploration/contact. (3 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Art — Capstone planning

Read before you begin

Art plans state purpose, audience, medium, materials, and constraints. Planning makes creative choices visible. Include safe materials and realistic time.

1. What belongs in a plan? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Life Sciences — Research questions

Read before you begin

A useful research question has a clear scope and can be investigated with accessible evidence. Private beliefs and experiences need not be collected. Use fictional or public information.

1. What makes a question investigable? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Computer Science — AI and generated information

Read before you begin

AI can generate plausible but inaccurate information. Confidence is not evidence. Protect private data and check important claims with reliable sources.

1. Does confidence establish an AI answer's accuracy? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)

Life Skills — Budgeting and priorities

Read before you begin

Budgets plan income and spending. Needs, wants, savings, and tradeoffs guide decisions. Use fictional amounts rather than private family finances.

1. What is a budget? (2 points)

2. Show one piece of this week's work and explain one correction or improvement. (2 points)
