The Printer's Workshop

Original drama:
[An apprentice arranges metal type on a table.]
APPRENTICE: If we print the same page many times, will every reader agree with it?
PRINTER: Copies spread words, not agreement.
APPRENTICE: Then accuracy matters before the first copy.
[The printer points to a misplaced letter.]
PRINTER: And readers must question what they read.

Informational companion: In early modern Europe, printing made it possible to reproduce texts more quickly than copying each one by hand. Printed works helped ideas circulate, including religious, scientific, and artistic arguments. Access remained uneven; not everyone could read or obtain books. Greater circulation did not guarantee that every claim was true. Scholars therefore needed observation, reasoning, and the comparison of sources as well as access to texts.
