How to use this workbook

Every lesson in your textbook has matching practice pages here. Show your thinking in the work space. When a problem has an answer line, write your final answer there.

- Warm-Up reviews something you already know.
- Practice uses today's lesson.
- Think Deeper problems ask you to explain or find a mistake.
- Exit Ticket shows your teacher what you learned today.

latitude	Lines measuring distance north or south of the equator.
region	An area with shared features.
natural resource	Something from nature people use.
goods	Things made or grown to sell.
services	Work done for others.

LESSON 1.1 · PRACTICE
Week 1 · Lesson 1 of 2

Unit 1: Mississippi: Land and Regions

Lesson 1.1: Maps and Globes

Name _____ Date _____

TODAY'S GOAL

I can use a map's title, compass rose, key, and scale to read a map.

Standards: C3 D2.Geo.1.3-5

WHAT TO DO

- [ ] Start with Part A Warm-Up.
- [ ] Read Textbook Lesson 1.1 with your teacher.
- [ ] Then do the rest of these pages in order: Part B Activity Sheet, Part C Check Your Understanding, Part D Read the Map, Part E Exit Ticket.
- [ ] Answer in complete sentences unless a line asks for one word.
- [ ] Check your work with your teacher and fix any mistakes.

PART A Warm-Up

1. The four cardinal directions

2. A round model of Earth

PART B

Activity Sheet

Directions: Gather what you need. Do each step and check it off. Record as you go.

ACTIVITY · MAP MY ROOM

Can you make a map someone else could use?

You need: paper; ruler; colored pencils.

1. Draw your bedroom or kitchen as if you were looking down from the ceiling. ☐
2. Add a title and a compass rose (find north with a compass app or the sunrise in the east). ☐
3. Make a key with at least four symbols. ☐
4. Add a scale such as “1 inch = 2 feet.” ☐

3 Draw a map of your room. Include a title, a compass rose, a key, and at least five symbols.

4 What did your family member find using only your map?

PART C Check Your Understanding

Directions: Answer each question.

5 Which map part explains symbols?

6 Which direction is between north and east?

7 Which city is the state capital?

PART D Read the Map

8 Use the map for questions 3–7. Which city is farthest north?

9 Which two cities are on the Gulf of Mexico?

10 In which direction would you travel from Jackson to Meridian?

11 In which direction from Tupelo is Hattiesburg?

12 Which river forms Mississippi's western border?

PART E Exit Ticket

13 Name the four map parts and tell what each one does.

LESSON 1.2 · PRACTICE
Week 1 · Lesson 2 of 2

Unit 1: Mississippi: Land and Regions

Lesson 1.2: Where in the World Is Mississippi?

Name _____ Date _____

TODAY'S GOAL

I can describe Mississippi's location using relative location, hemispheres, and latitude and longitude.

Standards: C3 D2.Geo.2.3-5

WHAT TO DO

- [ ] Start with Part A Warm-Up.
- [ ] Read Textbook Lesson 1.2 with your teacher.
- [ ] Then do the rest of these pages in order: Part B Activity Sheet, Part C Check Your Understanding, Part D Practice, Part E Exit Ticket.
- [ ] Answer in complete sentences unless a line asks for one word.
- [ ] Check your work with your teacher and fix any mistakes.

PART A Warm-Up

Directions: Write the word for each description.

1. Lines that run east–west

_____

2. Half of Earth is a...

_____

PART B Activity Sheet

Directions: Gather what you need. Do each step and check it off. Record as you go.

ACTIVITY · GRID HUNT

Can you find places using latitude and longitude?

You need: a globe or world map with latitude and longitude lines; paper and a pencil.

1. Find 30° N, 90° W. What place is near there? ☐
2. Find the equator and the prime meridian. ☐
3. Find a place in each of the four hemispheres. ☐
4. Make up two coordinates and challenge a family member to find them. ☐

3 Record your results in the table.

Coordinates	Place I found
30° N, 90° W	
Northern Hemisphere	
Southern Hemisphere	
Eastern Hemisphere	
Western Hemisphere	

4 Record your results in the table.

My challenge coordinates	Place my family member found

PART C Check Your Understanding

Directions: Answer each question.

5 Which state borders Mississippi to the east?

6 Which body of water is south of Mississippi?

7 Which hemispheres is Mississippi in?

PART D Practice

Directions: Use the map of Mississippi in your textbook to answer each question.

8 State north of Mississippi

9 Two states west of Mississippi

10 Jackson's approximate latitude

11 Is Mississippi north or south of the equator?

12 Relative or absolute: “Jackson is about 32° N, 90° W.”

13 Relative or absolute: “Gulfport is on the Gulf of Mexico.”

PART E Exit Ticket

14 Describe Mississippi's relative location in two sentences.

WEEKLY CHECK
After Lesson 1.2

About 15 minutes

Weekly Check 1: Maps and Location

Name _____ Date _____

DIRECTIONS

- [ ] Work on your own. Don't use your textbook unless your teacher says you may.
- [ ] Read each passage and question carefully. Answer in complete sentences.
- [ ] When you finish, check that every question has an answer.

Show what you know

Directions: Answer each question about maps.

1. Which map part shows directions?

2. Which map part explains symbols?

3. What does a scale show?

4. Which state is east of Mississippi?

5. Which hemispheres is Mississippi in?

6. Relative or absolute: “32° N, 90° W”

LESSON 1.3 · PRACTICE
Week 2 · Lesson 1 of 2

Unit 1: Mississippi: Land and Regions

Lesson 1.3: Mississippi's Land and Water

Name _____ Date _____

TODAY'S GOAL

I can identify Mississippi's major landforms and waterways and explain why they matter.

Standards: C3 D2.Geo.2.3-5

WHAT TO DO

- [ ] Start with Part A Warm-Up.
- [ ] Read Textbook Lesson 1.3 with your teacher.
- [ ] Then do the rest of these pages in order: Part B Activity Sheet, Part C Check Your Understanding, Part D Practice, Part E Exit Ticket.
- [ ] Answer in complete sentences unless a line asks for one word.
- [ ] Check your work with your teacher and fix any mistakes.

PART A Warm-Up

1. A large area of flat land

2. A smaller river that flows into a larger one

PART B Activity Sheet

Directions: Gather what you need. Do each step and check it off. Record as you go.

ACTIVITY · WHICH WAY DOES WATER FLOW?

How does the slope of land decide where rivers go?

You need: a baking sheet or tray; a towel to tilt it; a cup of water; a few pebbles.

- [ ] 1. Raise one end of the tray to make “high land” in the north.
- [ ] 2. Slowly pour water at the high end.
- [ ] 3. Watch which way it flows and where it collects.
- [ ] 4. Add pebbles as “hills” and observe how the water's path changes.

3 Sketch your tray. Label the high land, the low land, and the path the water took.

4 How does this explain the way Mississippi's rivers flow?

PART C Check Your Understanding

Directions: Answer each question.

5 What is Mississippi's highest point?

6 Which river forms most of the western border?

7 Why do most rivers flow south?

PART D Practice

8 Which river flows past Jackson?

9 Where does the Yazoo River join the Mississippi?

10 What canal system connects the Tennessee and Tombigbee rivers?

11 What is Mississippi's lowest elevation?

12 Explain two ways rivers have been important to people in Mississippi.

PART E Exit Ticket

13 Use the tray investigation to explain why the Pearl River flows to the Gulf.

Week 2 · Lesson 2 of 2

Unit 1: Mississippi: Land and Regions

Lesson 1.4: Reading Physical and Political Maps

Name _____ Date _____

TODAY'S GOAL

I can tell physical and political maps apart and use each to answer questions.

Standards: C3 D2.Geo.1.3-5

WHAT TO DO

- [ ] Start with Part A Warm-Up.
- [ ] Read Textbook Lesson 1.4 with your teacher.
- [ ] Then do the rest of these pages in order: Part B Activity Sheet, Part C Check Your Understanding, Part D Practice, Part E Exit Ticket.
- [ ] Answer in complete sentences unless a line asks for one word.
- [ ] Check your work with your teacher and fix any mistakes.

PART A Warm-Up

Directions: Write the word for each description.

1. Height above sea level

_____

2. Map that shows cities

_____

PART B Activity Sheet

Directions: Gather what you need. Do each step and check it off. Record as you go.

ACTIVITY · SALT DOUGH RELIEF MAP

Can you build a physical map of Mississippi?

You need: outline of Mississippi traced on cardboard; salt dough (2 cups flour, 1 cup salt, about 3/4 cup water); paint; toothpick flags.

1. Spread a thin layer of dough over the outline. ☐
2. Build it a little higher in the northeast and keep the Delta and coast flat. ☐
3. Press a groove for the Mississippi and Pearl rivers. ☐
4. When dry, paint low land green and higher land tan, and add flags for Jackson and your town. ☐

3 Sketch your relief map. Add a key for the land and water features.

PART C Check Your Understanding

Directions: Answer each question.

4 Which kind of map shows county lines?

5 Which kind shows elevation?

6 How many counties does Mississippi have?

PART D Practice

7 Find the route of the Yazoo River. Which map?

8 Find the boundary between Mississippi and Alabama. Which map?

9 Find the flattest region. Which map?

10 Find the nearest city to your home. Which map?

11 Why might a city grow on a bluff next to a river?

PART E Exit Ticket

12 Write one question a physical map can answer and one a political map can answer.

WEEKLY CHECK

- [ ] When you finish, check that every question has an answer.

Show what you know

Directions: Write the name for each one.

1. Mississippi's highest point

2. River on the western border

3. River that flows past Jackson

4. Map that shows elevation

5. Map that shows county lines

6. Why do most Mississippi rivers flow south?

LESSON 1.5 · PRACTICE
Week 3 · Lesson 1 of 2

Unit 1: Mississippi: Land and Regions

Lesson 1.5: Mississippi's Natural Regions

Name _____ Date _____

TODAY'S GOAL

I can identify Mississippi's natural regions and describe the land in each.

Standards: C3 D2.Geo.2.3-5

WHAT TO DO

- [ ] Start with Part A Warm-Up.
- [ ] Read Textbook Lesson 1.5 with your teacher.
- [ ] Then do the rest of these pages in order: Part B Activity Sheet, Part C Check Your Understanding, Part D Match the Region, Part E Exit Ticket.
- [ ] Answer in complete sentences unless a line asks for one word.
- [ ] Check your work with your teacher and fix any mistakes.

PART A Warm-Up

Directions: Finish each line.

1. Region = _____

2. Soil left by rivers is... _____

PART B Activity Sheet

Directions: Gather what you need. Do each step and check it off. Record as you go.

ACTIVITY · REGION POSTCARDS

What would you see in each region?

You need: index cards; colored pencils.

1. Choose three regions. ☐
2. On each card, draw a scene showing the land, plants, and one way people use the land. ☐
3. On the back, write a short message describing the region to a friend. ☐

3 Plan your three postcards here before you make them.

Region	Land and soil	One thing people do or make there

PART C Check Your Understanding

Directions: Answer each question.

4 Which region is flattest and most fertile?

5 Which region has pine forests?

6 Which region has the highest land?

PART D Match the Region

Directions: Write the Mississippi region that matches each description.

7 beaches and marshes

8 dark, rich soil in the northeast

9 wind-blown soil bluffs

10 red clay hills

11 flat land between two rivers

12 sandy soil and pines

PART E Exit Ticket

13 Which region do you live in or nearest to? Describe its land.

TODAY'S GOAL

I can compare two regions and explain how land affects the way people live and work.

Standards: C3 D2.Geo.4.3-5

WHAT TO DO

- [ ] Start with Part A Warm-Up.
- [ ] Read Textbook Lesson 1.6 with your teacher.
- [ ] Then do the rest of these pages in order: Part B Activity Sheet, Part C Check Your Understanding, Part D Compare, Part E Exit Ticket.
- [ ] Answer in complete sentences unless a line asks for one word.
- [ ] Check your work with your teacher and fix any mistakes.

PART A Warm-Up

Directions: Write the word for each description.

1. To tell how things differ

2. Trees cut for wood

PART B

Activity Sheet

Directions: Gather what you need. Do each step and check it off. Record as you go.

ACTIVITY · VENN DIAGRAM

How are the two regions alike and different?

You need: paper; two colored pencils.

1. Draw two overlapping circles labeled Delta and Piney Woods. ☐
2. Write at least four details in each outer part. ☐
3. Write at least two shared details in the middle. ☐
4. Write a summary sentence. ☐

3 Draw your Venn diagram: Delta in one circle, Piney Woods in the other, and what they share in the middle.

4 Write a one-sentence summary.

PART C Check Your Understanding

Directions: Answer each question.

5 Why is the Delta good for crops?

6 What grows well in the Piney Woods?

7 Name a Piney Woods city.

PART D Compare

Directions: Write a word or short phrase about the region for each item.

8 Delta land shape

9 Piney Woods soil

10 One Delta product

11 One Piney Woods product

12 Write a paragraph comparing the two regions. Use a compare word (both, similarly) and a contrast word (however, but).

PART E Exit Ticket

13 Explain how soil affects the jobs people have in each region.

WEEKLY CHECK

- [ ] Check your work with your teacher and fix any mistakes.

PART A Warm-Up

Directions: Write the word for each description.

1. Something from nature people use

2. Careful use of resources

PART B Activity Sheet

Directions: Gather what you need. Do each step and check it off. Record as you go.

ACTIVITY · RESOURCE HUNT

Where do the things in your home come from?

You need: paper and a pencil.

1. Find ten objects in your home. ☐
2. For each, name the natural resource it came from (wood, cotton, oil/plastic, metal, sand/glass). ☐
3. Label each resource renewable or nonrenewable. ☐
4. Circle one item you could reuse or recycle. ☐

3 Record ten objects. Circle one you could reuse or recycle.

Object	Natural resource	Renewable or nonrenewable?

PART C Check Your Understanding

Directions: Answer each question.

4 Is a pine forest renewable or nonrenewable?

5 Is natural gas renewable?

6 Name one way to conserve a resource.

PART D Sort

Directions: Write what kind of natural resource each one is.

7 cotton

8 oil

9 shrimp

10 gravel

11 water

12 timber

PART E Apply

13 Choose one Mississippi resource. Explain how people use it and one way to conserve it.

PART F Exit Ticket

14 Why is it important to conserve even renewable resources?
